MOTHERS MEMORIAL 2022

ATLANTIC LADIES MINISTRIES

## We Can!

As we entered the second year of a worldwide pandemic, Ladies Ministries met the challenge to continue assisting the global church in reaching a global harvest. The 2021 record offering is a testimony to your hard work, the generosity of God's people, and the mighty hand of God! We were apart of the miracle offering as the Atlantic District gave our third largest Mother's Memorial offering on record - \$80,329.65!

The missionary spirit is alive and well in the Atlantic District! Emboldened by the trailblazing courage of the pioneers and the visionary commitment of the present-day church, WE CAN impact children, youth, families, churches, communities, and nations through a Mothers Memorial offering that invests in every major ministry of the UPCI.

The possibilities are endless when we partner with God! Me + Jesus = Philippians 4:13. Attempt something big in 2022. Give extravagantly to see His Kingdom come to every nation, tribe, language, and people. Together with Jesus, WE CAN!

Offering!*

## Lighthouse Boys Ranch

Each year, as the beautiful ladies of the UPCI raise funds to support the Ranch, you are a blessing to each of the boys that come into our care. When they come to reside at the Ranch, for whatever length of time, they are provided a safe and wholesome Christian environment in which they can live and learn. They are shielded from harm and neglect, while they are loved, protected and taught. Each lady has a direct hand in making this possible in these boys' lives!

In addition to dealing with the Covid-19 pandemic for the second year, we experienced a direct hit from devastating Hurricane Ida. Two weeks later, Tropical Storm Nicholas came through. Several Ranch buildings sustained numerous damages. But no one was hurt.

We do appreciate the generosity of Ladies Ministries for helping make the restoration of the campus possible after the storms. You are doing the Lord's work!

Danny Smith, CEO  
Boys Ranch

## New Beginnings International

*I am so thankful I chose life and adoption for my baby.*

*When my baby girl was born, I prayed that God would give me the strength and wisdom that I needed. I looked at her and thought about the life that God intended for her. I knew I could give her all the love in the world, but I had nothing else to give her. I also knew there would be a family that would love her as much as I did that had waited and prepared for a baby for a long time. I finished school, made good grades, and completed college. I have peace with my decision and am so thankful I chose life and adoption for my baby.*

*- Shelly, age 35*

*This birth mother's journey to adoption was successful because you gave!*

## Tupelo Children's Mansion

We are currently caring for an average of between 75 and 110 residents at the Mansion, children who—no fault of their own—have found themselves deprived of the love and nurture that every child longs for and deserves.

Ladies, year after year, you've been there when we've needed your help. Thank you for making a difference in the lives of nearly 4,000 children.

This year, we are requesting funds for the Haven of Hope educational program and costs pertaining to the care of an increasing number of girls in the program. Without the help of you wonderful ladies, our dream to establish this home for troubled girls would not have become a reality. Since we began this program 15 years ago, this ministry has impacted nearly 350 girls!

We also look to you for funds to renovate the Freeman Building into a much-needed multipurpose facility.

At the Mansion, we are teaching our children the blessing of giving...to be givers rather than takers. I am happy to report that they did a fun run and yard sale to raise an offering of \$13,000 this year for Mothers Memorial, which put us at #3 in the Mississippi District.

With sincere appreciation,

Stephen Judd, President & CEO

## GLOBAL MISSIONS

On any given day, a host of God-called missionaries and instructors are training literally thousands of students for apostolic ministry. They are partnered with faithful supporters in Ladies Ministries and the pastors, saints, and churches that give to Mothers Memorial.

Our students come from every class of life, have diverse backgrounds, and speak dozens of different languages. Yet they all come, having one thing in common. They want to be equipped to reach their world. Mark it down. They are doing just that, as upwards of 200,000 souls are being baptized in Jesus name and receiving the baptism of the Holy Spirit each year. Hundreds of churches are being started or led by these trained men and women.

Sponsors come from every state and province in North America and a growing group around the globe. They too, have a diversity of backgrounds. Yet, they have one thing in common. They want to pass on the truth to the next generation, equipping others to accurately interpret and preach God's Word, so that together they can impact their world.

This is done on campuses of every size, from a little space found in the corner of a church, with makeshift desks made from using the bench in front of you, to beautiful structures constructed through the sacrifices of God's people. They are built with one purpose in mind; to teach others so they can reach their world.

This year we will be able to open more Bible Schools, give support to more students because of your very, very generous allocation to us. A little letter like this seems so inadequate for all you ladies do for us. The worldwide church is thankful to you. God bless you for your tremendous offering of love for the lost!

## NORTH AMERICAN MISSIONS

Mothers Memorial has been essential in the last year and a half in helping North American missionaries and evangelists get through this trying time. We are grateful for the extra funds you allocated for the Emergency Fund. Thanks to you, we are continuing to provide \$1500 to every enrolled evangelist who contracts Covid, as well as assisting NAM missionaries and evangelists with other emergencies.

The missionaries in Quebec and all over the world are extremely thankful for the money you have provided for translating books into the French language.

Christian Prisoner Ministry has been largely shut out of physically meeting in our correctional institutions. However, they have pivoted to virtual meetings and are developing new tablet-based platforms for ministering to prisoners. Your assistance to them this year will be key to getting the gospel to prisoners virtually.

North American Missions is investing in training, and we request your continued support with training events. Launch 2021 had the highest attendance of church planters ever! Training church planters is an integral part of our mission but is very expensive. This year we launched Project Equip, which is twenty-four credit hours of college level online church planter training. The need for online training grows greater every day and we are working hard to meet the challenges.

North American Missions is so grateful for your steadfast commitment to Mothers Memorial!

## Donor Appreciation

We believe leadership training is key to global evangelism. We believe the pastors, teachers, evangelists and national church leaders trained in our 484 Global Missions Bible schools are the catalyst for unprecedented revival. We believe the Mothers Memorial foreign student support allocation is vital to fulfilling the Great Commission! Thank you for making a commitment to the Great Commission with your donation to Mothers Memorial this year!
